

# SISTERHOOD OF GREATNESS

By Blanche Williams

*Sisterhood* represents a code of excellence in mind, body and spirit. It requires all the members of its circle to operate at their highest and most divine state of distinction.

A *sisterhood of souls* dances together in the spirit of cooperative existence. They are “like minds” gravitating towards the light of collective enlightenment while remaining true to the exploration of their individual quest.

A *sisterhood of minds* closely connecting the diversity of their thoughts with the commonality of their hearts. We are kindred spirits seeking our reflection in the universe. As we grow and flow into respective states of being we have a desire to seek oneness within the sum of wholeness.

We must pledge to peel away the layers of mediocrity that mask our brilliance so that we may reveal the luminosity within that will guide our path to true freedom.

## *Embrace Our Power Within The Sisterhood*

1. The *power to lead* by example. Imperfections in character are hidden in eloquent words. For it is in our deeds and our seeds sown that character is grown.
2. The *power to share* by opening our hearts and freeing our minds to all possibilities. The authenticity of a person is the most beautiful vision to behold.
3. The *power to grow* individually by collectively raising the standards of wholeness, wellness and wisdom.

We are our “Sister’s Keepers.”

For all the sisters who have graced my path and guided my steps, / *thank you.*

For all the sisters who have opened doors and opened my mind, / *thank you.*

For all the sisters whose magnitude of words and strength of character created my present and inspired my future, / *thank you.*

For all the sisters walking beside me, holding me above their dreams and empowering me to succeed, / *thank you.*

For all my sisters who support my voice and give me the honor of being a member of the *sisterhood of greatness*, | thank you and | accept.

Imagine our great possibilities!
